## Grandbulb

### Applications

**GRANDBULB** model is our new generation of high wattage bulb. In the early days of compact fluorescent lighting, market has been developed around residential applications. Just a decade ago it was a technical barrier to produce a commercial standard high wattage CFL above 40 Watts. Today it is history with the advancement of CFL technology; **LUXLITE** could produce a 150W CFL bulb which could replace a 750W equivalent of incandescent bulb.

**GRANDBULB** has opened the door for major commercial applications that requires high light output such as the warehouses, super markets, shops and public space lighting applications. When the Watts of regular bulbs are very high, the savings are better returned with CFL replacements. **GRANDBULB** is your ultimate saving plan for many years to appreciate.

**GRANDBULB** is ideal for various usage for example, high/low bays fixtures, Gymnasiums, Schools, Hall rooms, Warehouses, Shopping malls, Car parks, Churches/Temples, Airports, Street lighting etc.

Save Energy = Save Money

### Replacements

65W = 325W  
85W = 425W  
100W = 500W  
125W = 625W  
150W = 750W

Model No	Watts	Lumens	Diameter	Length (MOL)
3765	65 W	4000	84mm 3 5/16"	200mm 7 14/16"
3785	85 W	5200	84mm 3 5/16"	245mm 9 10/16"
37100	100 W	6000	84mm 3 5/16"	285mm 11 4/16"
37125	125 W	7500	84mm 3 5/16"	300mm 11 13/16"
37150	150 W	9000	84mm 3 5/16"	320mm 12 13/16"
